

CONGRESO DE PARAGUAYOS MIGRANTES
EN LOS ESTADOS UNIDOS DE AMERICA
Fundado el 25 Enero 2009

News release

September 28, 2011:

Congreso de Paraguayos Migrantes En Los Estados Unidos de America, Inc. concluding prescription drug discount card pilot program.

The CPMUSA is in the process of offering the community a free prescription drug discount card. For the last two months the group has been monitoring the program and determining the effectiveness.

According to Ana DiSessa, President of the organization, "There is no down side to having this card. Basically, you will get a discount on prescription drugs, or you will not. Since there is no cost for the card, there is no risk." The pilot program has revealed discounts between 12% and 86%. Depending on the type of drug, discounts will vary. For example, Amoxicillin (a popular children's antibiotic) list for approximately \$76.99. With the card, the price is \$10.66 (86% discount). However, you should always speak with your pharmacist to determine the best price. Some pharmacies may have programs where free prescriptions are offered or discounts better than this card.

Other examples include:

Nasonex	Retail cost, \$153.00, discount card cost \$125.05 (18.8% savings)
Prednisone	Retail cost, \$12.00, discount card cost \$7.70 (35.8% savings)

Cards will be available starting the week of October 24th. Please send your request to :
