

Congreso de Paraguayos Migrantes en los Estados Unidos, Inc.

www.conparmusa.com

December 31, 2013

Conparmusa is very happy to report the success of our eyeglass program for 2013. The program which started in February of 2013 has expanded rapidly. As of December 2013, over 2,000 eyeglasses have been given out in Paraguay and more releases are scheduled for 2014.

The eyeglass distribution program originates at the Lions Eyeglass Distribution Center in Trenton New Jersey. Volunteers sort through thousands of eyeglasses and package them accordingly. These glasses have been collected, repaired, and categorized by the Lions International. Many thanks to the people who have made the trip to Trenton to assist.

If anyone in the USA would like to coordinate a distribution for Paraguay, please contact us. The opportunity to provide the gift of improving sight for others is something you will never forget.

Special thanks to all who made this possible and to the Lions International for allowing us to participate in this ongoing program.
